| 8 | 221+ |

Applications: snacking, fruit and nut mixes, bakery, cereals and confectionery. Retail and bulk formats are available by supply programme.

DRIED FRUITS

# Raisins & White Mulberries

A versatile dried-fruit range for snacking, cereals, bakery and confectionery, from Turkish sultanas to golden raisins and white mulberries.

**RANGE**
Sultanas, raisins, mulberries

**SUPPLY**
Türkiye and sourced origins

**USE**
Retail and food ingredients

## Turkish sultanas

Seedless sultana raisins. Types 7, 8, 9, 10 and 11; colour and grade selection by specification.

## Golden raisins

Yellow golden raisin programmes, including Uzbekistan-origin supply where requested.

## White mulberries

Dried white mulberries for snacking, fruit mixes, cereals and ingredient applications.

## Buyer-led selection

Whole fruit, colour, size, moisture and treatment requirements are agreed per product.

Applications: bakery, cereals, snack mixes and confectionery. Bulk cartons and retail formats can be matched to the programme.

DRIED FRUITS

# Tunisian Dates

Deglet Nour dates for retail, wholesale and industrial processing, with a focus on whole and pitted fruit and ingredient supply programmes.

**ORIGIN**
Tunisia

**VARIETY**
Deglet Nour

**USE**
Retail, bakery and processing

## Whole Deglet Nour

Whole dates with the pit retained, selected to the agreed presentation and grade.

## Pitted Deglet Nour

Pit-removed dates for retail, food service and food-manufacturing applications.

## Industrial grades

Processing-grade date programmes for bars, bakery, fillings and fruit preparations.

## Date paste / purée

Ingredient formats offered against an agreed processing, texture and packing specification.

Whole or pitted, conventional or documented organic programmes. Tell us the intended application so we can match the date grade and format.

NUTS & INGREDIENTS

# Hazelnuts & Hazelnut Paste

A complete Turkish hazelnut selection: in-shell nuts, natural and blanched kernels, roasted pieces, meal and paste for retail and food manufacturing.

| IN-SHELL HAZELNUTS | NATURAL & BLANCHED KERNELS | HAZELNUT PASTE |
|---|---|---|
| **ORIGIN** | **KERNEL SIZES** | **USE** |
| Türkiye | 9-11 / 11-13 / 13-15 mm | Chocolate, bakery and snacks |

### In-shell hazelnuts

Natural in-shell hazelnuts; size and roasting option matched to the programme.

### Natural kernels

Skin-on kernels in 9-11, 11-13 and 13-15 mm size programmes.

### Roasted & blanched kernels

Roasted and blanched kernels for snacks, chocolate and food manufacturing.

### Diced hazelnuts

Natural or roasted hazelnut pieces, with cut size selected for your recipe.

### Hazelnut meal / flour

Fine-ground hazelnut meal / flour for bakery, fillings and confectionery.

### Hazelnut paste

Natural or roasted hazelnut paste for spreads, chocolate and industrial fillings.

Pack examples: 5, 10, 20 and 25 kg vacuum bags in cartons. Product-specific bulk and retail formats.

NUTS & INGREDIENTS

# Almonds & Almond Ingredients

A flexible almond range for importers, food manufacturers and retailers, including whole kernels, blanched cuts and almond powder.

**RANGE**
Whole, blanched and ground

**FEATURED CUT**
Blanched sticks 2-4 mm

**USE**
Bakery, confectionery, snacks

## Whole almonds

Natural skin-on and blanched almond kernels, with origin and grade agreed per programme.

## Blanched almond sticks

Fully blanched almond sticks 2-4 mm for bakery, confectionery and ingredient use.

## Sliced & cut almonds

Sliced almonds and specification-led cut formats for toppings and food production.

## Almond powder / flour

Finely ground almond products, including USA-origin almond powder programmes.

Natural and processed almonds in bulk and retail formats. Final origin, grade, cut and packaging are specified in the quotation.

NUTS & INGREDIENTS

# Antep Pistachios

Turkish Antep pistachios in shell and as kernels, from natural and roasted snacking formats to green ingredients for baklava, confectionery and desserts.

IN-SHELL ANTEP PISTACHIOS

NATURAL & GREEN KERNELS

| ORIGIN | RANGE | USE |
|---|---|---|
| Türkiye / Antep | In-shell, natural and green kernels | Snacks, baklava, ice cream |

## Natural in-shell pistachios

Turkish Antep pistachios in shell, with grade and opening ratio agreed.

## Roasted & salted

Roasted in-shell pistachios with salt level and pack selected for the buyer.

## Natural pistachio kernels

Shelled kernels with natural skins, selected by colour, grade and size.

## Green pistachio kernels

Skin-removed green kernels for baklava, confectionery and ice cream.

## Cut & ground ingredients

Chopped or ground ingredient formats discussed against your specification.

## Retail & bulk supply

Bulk ingredient and retail packs matched to the intended sales channel.

Kernel colour, grade, cut and packaging are confirmed to your application and order specification.

NUTS

# More Nuts, More Possibilities

Cashews, walnuts, Brazil nuts and peanuts extend the collection for distributors, snack brands, food-service buyers and food manufacturers.

**PRODUCTS**

Cashew, walnut, Brazil nut, peanut

**SUPPLY**

Origin-specific programmes

**USE**

Snacks and food ingredients

## Cashews

Whole cashew kernels, including WW320 programmes, for retail, food service and processing.

## Walnuts

Walnut kernels and halves for snacking, bakery and confectionery applications.

## Brazil nuts

Brazil nut kernels for specialist retail, nut mixes and ingredient programmes.

## Peanuts

Peanut kernels in natural or processed formats, selected to the buyer's specification.

Individual nuts and buyer-led nut selections in bulk and retail packs. Origin, grade, processing and packing are confirmed for each programme.

MEDITERRANEAN FOODS

# Sun-Dried Tomatoes

Aegean sun-dried tomatoes in practical cuts for Mediterranean foods, ready meals, bakery, food service and industrial recipes.

**ORIGIN**

Türkiye / Aegean region

**CUTS**

Halves, julienne and diced

**USE**

Antipasti, sauces, bakery

## Tomato halves

Classic sun-dried tomato halves for further processing, distribution and food service.

## Julienne / strips

Cut tomato strips for salads, fillings, bakery and prepared-food applications.

## Diced tomatoes

Specification-led dice for sauces, spreads, ready meals and ingredient blends.

## Programme options

Conventional and documented organic supply; treatment and packaging agreed by product.

Retail, food-service and bulk ingredient formats. Cutting, treatment and final specification are matched to the buyer's requirements.

MEDITERRANEAN FOODS

# Olives & Olive Oil

Mediterranean essentials for retail, wholesale and food service, combining table olives with edible olive-oil programmes.

**RANGE**

Table olives and olive oil

**FORMATS**

Retail, food service and bulk

**USE**

Distribution and ingredients

## Green olives

Whole and pitted green table olives, selected to the requested presentation and grade.

## Black olives

Black table-olive programmes for retail, food service and further food processing.

## Extra virgin olive oil

Extra virgin olive-oil programmes with origin and analytical specification agreed per lot.

## Other edible olive oils

Refined olive-oil blends and refined olive-pomace oil for food use, subject to programme specification.

Olive presentation, oil category, origin and pack format are confirmed in the offer. Bottle, tin and bulk supply options are matched to the order.

EDIBLE OILS

# Edible Vegetable Oils

Food-grade cooking oils for distributors, food service and food manufacturers, with supply and packaging developed around the destination market.

**PRODUCTS**

Sunflower, soybean and palm oil

**APPLICATION**

Food-grade supply

**FORMATS**

Retail and industrial programmes

## Refined sunflower oil

Cooking-oil programmes for retail distribution, food service and food manufacturing.

## Refined soybean oil

Refined soybean oil for food-service and industrial food applications.

## Food-grade palm oil

Edible palm-oil programmes for suitable food-manufacturing applications.

## Packaging programmes

PET, bottle, tin and bulk options are agreed by product. Sunflower examples include 3 L and 5 L PET.

Product origin, grade, food-use specification and packaging are confirmed per shipment programme. Container-scale supply can be discussed against the enquiry.

PULSES

# Lentils & Pulses

Lentils, peas, chickpeas and beans for bulk trade, distribution and food manufacturing, with grade, crop and cleaning requirements agreed by programme.

**RANGE**
Lentils, peas, chickpeas, beans

**FORMATS**
Bagged and bulk programmes

**USE**
Import, distribution and food

## Red lentils

Whole red lentils and split red lentil programmes; cleaning, grade and crop year by specification.

## Yellow peas

Whole yellow peas, including machine-cleaned programmes for container supply.

## Brown lentils & chickpeas

Brown lentil and chickpea programmes selected to the buyer's grade and size requirements.

## White & red beans

White bean and red kidney bean programmes for distribution and food manufacturing.

Packing can include 50 kg bagged lentil programmes or bulk container supply where specified. Crop, inspection, origin and final grade are confirmed in the offer.

RICE & PANTRY FOODS

# Rice & Pantry Foods

Rice and selected pantry-food sourcing programmes for importers, distributors and institutional food buyers.

**FEATURED RICE**
Basmati / 1121 Steam

**CHANNEL**
Import and food distribution

**SUPPLY**
Specification-led programmes

## Basmati rice

Basmati rice sourcing programmes, including 1121 Steam Basmati specifications.

## Buyer-led rice specification

Origin, processing, grain specification, crop and packing are agreed for each quotation.

## Canned tomatoes

Selected canned-tomato programmes developed against the requested product and packaging specification.

## Canned peas & beans

Selected canned-pea and canned-bean sourcing programmes for distribution and institutional food supply.

Rice and pantry-food availability is confirmed for each enquiry. Share the exact product specification, required quantity and destination.

CONFECTIONERY

# Chocolate & Sugar Dragees

Premium coated nuts, fruit and coffee varieties for confectionery distributors, retail brands, gift collections and private-label programmes.

**RANGE**
Chocolate, cocoa and sugar coated

**FORMATS**
Retail and bulk packs

**CHANNEL**
Retail, gifting and private label

## Chocolate-coated nuts

Almond, hazelnut, cashew and pistachio varieties in buyer-led chocolate-coating programmes.

## Fruit dragees

Chocolate-coated raisins and orange varieties for confectionery collections and snack ranges.

## Coffee & cocoa varieties

Chocolate-coated coffee beans and cocoa-dusted dragees for distinctive snack selections.

## Sugar-coated almonds

Colourful and classic sugar-coated almonds for retail, gifting and confectionery programmes.

Coating, recipe, assortment and pack format are agreed by programme. Retail, bulk and private-label presentations can be developed around the buyer's brand.

FOOD MANUFACTURING

# From crop to ingredient

A practical ingredient range for bakery, confectionery, chocolate, cereals, snacks and Mediterranean food production.

## Fruit pieces & fillings

Diced figs and apricots, raisins and fruit pastes for bars, biscuits and bakery fillings.

## Date ingredients

Whole and pitted Deglet Nour dates, with paste / purée programmes for food processing.

## Hazelnut ingredients

Whole, blanched, roasted and diced kernels; hazelnut meal and natural / roasted paste.

## Almond ingredients

Blanched kernels, sliced almonds, sticks 2-4 mm and almond powder / flour.

## Pistachio ingredients

Antep pistachio kernels and specification-led ingredient formats for sweets and desserts.

## Mediterranean ingredients

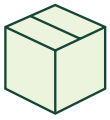

Sun-dried tomato halves, strips and dice; table olives and edible olive oils.

Tell us your application and target specification. We will match the product, processing format and pack to your production programme.

**BUILT AROUND YOUR REQUIREMENTS**

# Your product. Your pack.

From food-industry ingredients to shelf-ready products, packaging and supply plans are developed around the product, destination and sales channel.

## Bulk & food industry

Dried-fruit cartons and nut vacuum bags, including product-specific 5-25 kg formats. Bagged and container-scale pulse or rice programmes.

## Retail & food service

Retail examples include 250 g and 500 g fruit and nut packs. Pouches, trays, jars and food-service formats are agreed by product.

## Edible oils

Bottle, PET and tin formats for distribution and food service. Sunflower oil programmes can include 3 L and 5 L PET packs.

## Private label

Buyer-led product presentation, pack size and artwork. Labelling and origin information are aligned with the agreed market requirements.

**ONE EXPORT SUPPLY CONTACT**

Share the product, quantity, destination, target specification and preferred packaging. Our Export Department coordinates the quotation and supply programme.

Specifications, analysis and relevant certification are confirmed for each product and order.
